INDEX TO VOLUME 13

This index covers the issues for 1998, as follows: January, pages 1–76; February, pages 77–150; March, pages 151–222; April, pages 223–288; May, pages 289–356; June, pages 357–434; July, pages 435–506; August, pages 507–578; September, pages 579–658; October, pages 659–728; November, pages 729–790; December, pages 791–876.

Abbreviations for Division Headings are as follows: (OR) Original Article; (BR) Brief Report; (CR) Clinical Review; (FRTP) From Research to Practice; (PER) Perspective; (ED) Editorial; (BOOK) Book Review; (LET) Letter; (REPLY) Reply.

Subjects

Abstract presentations: what do SGIM presenters prefer? (Tulsky and Kouides), 417(BR)
Academic medical centers
- Differences in the professional satisfaction of general internists in academically affiliated practices in the greater-Boston area (Haas et al), 127(BR)
- Do general internal medicine fellows find jobs that match their training? (Zakowski et al), 410(BR)
- The hospitalist movement and the future of academic general internal medicine (Wachter and Flanders), 783(ED)
- Strangers in a strange land: primary care physicians in academic medical centers (Schwenk), 216(ED)

Acquired immunodeficiency syndrome
- Clinic HIV-focused features and prevention of *Pneumocystis carinii* pneumonia (Turner et al), 16(OR)
- HIV/AIDS patients' perspectives on adhering to regimens containing protease inhibitors (Stone et al), 586(OR)

Acupuncture
- Teaching residents about complementary and alternative medicine in the United States (Milan et al), 562(PER)

Administration, cutaneous
- Smoking cessation among inner-city African Americans using the nicotine transdermal patch (Ahluwalia et al), 1(OR)
- Weight change after smoking cessation using variable doses of transdermal nicotine replacement (Dale et al), 9(OR)

Advance directives
- Comparing utilization of life-sustaining treatments with patient and public preferences (Alpert and Emanuel), 175(OR)
- Patient knowledge and physician predictions of treatment preferences after discussion of advance directives (Fischer et al), 447(OR)
- Role of written advance directives in decision making: insights from qualitative and quantitative data (Teno et al), 439(OR)

African Americans
- Smoking cessation among inner-city African Americans using the nicotine transdermal patch (Ahluwalia et al), 1(OR)

Age factors
- Health status and mammography use among older women (Burack et al), 366(OR)

Aged
- Correlates and prevalence of benzodiazepine use in community-dwelling elderly (Gleason et al), 243(OR)
- Delirium risk factors in elderly hospitalized patients (Elie et al), 204(CR)
- Does delirium contribute to poor hospital outcomes? A three-site epidemiologic study (Inouye et al), 234(OR)
- Examining older people for carotid bruits: listen to your patient, not her neck (Aronson and Landefeld), 140(ED)
- Measures of functional status in community-dwelling elders (Sherman and Reuben), 817(OR)
- Older persons' preferences for site of treatment in acute illness (Fried et al), 522(OR)
- Physician awareness of alcohol use disorders among older patients (Reid et al), 729(OR)
- The prognostic significance of asymptomatic carotid bruits in the elderly (Shorr et al), 86(OR)
- The relation between health status changes and patient satisfaction in older hospitalized medical patients (Covinsky et al), 223(OR)
- Risk factors for toxicity in elderly patients given aminoglycosides once daily (Paterson et al), 735(OR)
- Screening for disease in older people (Sox), 424(ED)

Aggression
- Aggression and violence directed toward physicians (Morrison et al), 556(PER)

Aging
- Health status and mammography use among older women (Burack et al), 366(OR)

Alcohol drinking
- Effect of histamine-2 receptor antagonists on blood alcohol levels: a meta-analysis (Weinberg et al), 594(OR)
- Medical risks for women who drink alcohol (Bradley et al), 627(CR)

Alcohol use disorders
- Increasing screening for alcohol use disorders (Oslin), 781(ED)
- Physician awareness of alcohol use disorders among older patients (Reid et al), 729(OR)
- Risk of major hemorrhage for outpatients treated with warfarin (McMahan et al), 311(OR)
- Screening for problem drinking: comparison of CAGE and AUDIT (Bradley et al), 379(OR)
- Screening for problem drinking: impact on physician behavior and patient drinking habits (Conigliaro et al), 251(OR)

Alcohol Use Disorders Identification Test
- Screening for problem drinking: comparison of CAGE and AUDIT (Bradley et al), 379(OR)
- Screening for problem drinking: impact on physician behavior and patient drinking habits (Conigliaro et al), 251(OR)

Alcoholism
- Alcohol counseling: physicians will do it (Adams et al), 692(OR)
- Medical risks for women who drink alcohol (Bradley et al), 627(CR)
- Physician awareness of alcohol use disorders among older patients (Reid et al), 729(OR)

Alternative medicine
- Teaching residents about complementary and alternative medicine in the United States (Milan et al), 562(PER)

Ambulatory care
- Ambulatory health care use by patients in a public hospital emergency department (Rask et al), 614(OR)
- Ambulatory versus inpatient rotations in teaching third-year students internal medicine (Kalet et al), 327(BR)
- Clinic HIV-focused features and prevention of *Pneumocystis carinii* pneumonia (Turner et al), 16(OR)
- Comparing standard care with a physician and pharmacist team approach for uncontrolled hypertension (Bogden et al), 740(OR)
- Effect of ambulatory utilization review on referrals from generalists to specialists (Grimm and Gomez), 778(BR)
- A multivariate model for predicting respiratory status in patients with chronic obstructive pulmonary disease (Murata et al), 462(OR)
- Old debate, new direction (Wolpaw and Bailey), 852(ED)
